**Call for proposals for the BUILDING, CONSTRUCTION, DECORATION, FIT-OUT AND
DISMANTLING OF THE GREEK PAVILION AT THE INTERNATIONAL EXHIBITION, BIG 5
DUBAI SHOW, 12-15/9/ 2021, DUBAI, UAE**

**Total Maximum Budgetary Expenditure: two hundred fourteen thousand EURO
(€214,000.00 – tax not included)**

Introduction

Enterprise Greece is the official agency of the Greek State, under the supervision of the Greek Ministry of Foreign Affairs , mandated to promote investments in Greece, exports from Greece, and make Greece more attractive as an international business partner.

Applicable is the internal Procurement Regulation (Gazette PRA.DI.T. 148/2020) and Article 84 of Law 4635/2019.

Project Duration: from the signing of the contract to the completion of the deliverables as described below.

Referring to the Greek participation in the above mentioned exhibition, Enterprise Greece, as the Contracting Authority, kindly requests from interested parties to submit detailed drawings and quotation (hereinafter “offers”) for the construction of the Greek Pavilion, with the following specifications.

**CONSTRUCTION AREA: Approx. 1.200 sqm
PARTICIPATING COMPANIES: Approx. 40**

Stands are located in Halls 1-4,5-8, Zayed hall, Rashid Halls, Main Concourse. The exact stand allocation will be given in due time.

TECHNICAL DESCRIPTION:

1. Construction

-Pavilion perimeter wall of minimum 4m height (including the fascia with the general labeling of the Greek pavilion) or more pursuant to the Exhibition's regulations. The Contractor ought to make arrangements should any particular approval be required.

- Internal walls separating individual stands.

The indicated construction material is paint-feasible wood or derivatives.

2. Floors

The pavilion floor level height may exceed the fair floor level height at maximum 2-5 cm. The pavilion floor could be one of the following: carpet, laminated or vinyl, in a matching color. For the stands where the exhibits will be marble, the construction of the floor should be such that will withstand the weight of the exhibits.

3. Lighting

Note that the lighting equipment should include powerful, low electricity consumption light bulbs of warm colors. That particular aspect shall be given special attention throughout the selection procedure. The candidate contractors are expected to describe the lighting features in detail.

Adequate lighting (1 spot of 150 HQI white light (warm lighting) per 2 sq.m) or other similar technical solution

4. Electrical Installation

As per the plug points of the stands, the contractor will place switchboards equipped with necessary fuses and switches. The whole installation should be grounded and equipped with the necessary distribution boxes and silent junction. Each table will bear many power switches, in analogy to the individual lines of each stand, according to the Exhibition's regulations. Exhibition's Regulations should be strictly pursued regarding the entire project. The Contractor's Financial Offer also includes the cost of power supplies for the organizing authority.

5. Signage

Elevated structures and hanged banner (according to the Exhibition's Regulations) to be placed on the top of the Greek participation, depicting the Greek identity logo "GREECE" (artwork provided by Enterprise Greece). There will be eight (8) hanged banners of maximum size 2m high by 4m wide. The cost of the hanging of the banners will be borne

by the Contractor. The Contractor shall also print and install the artwork of the branding of the Greek participation at the fascia of the pavilion. The artwork will be given by Enterprise Greece.

6. Decorative elements and graphics

The decorative elements and graphics will frame the construction and will be placed at locations indicated by the designer.

The costs for the adjustment and printing of the "ENTERPRISE GREECE" trademarks will be borne by the Contractor.

7. Individual stands (Equipment)
