# MyLingoTrip Timetable

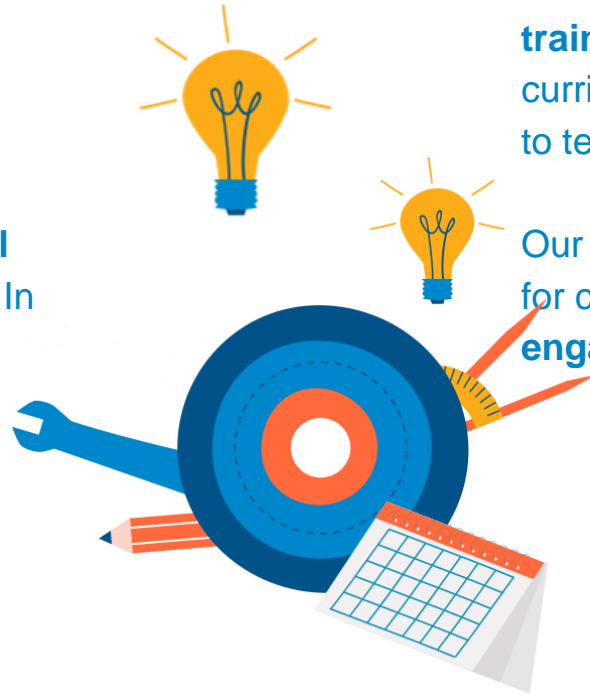

# MyLingoFuture

## MyLingoKids

An **innovative approach** in online language learning for children and teenagers using plenty of interactive technologies.

This platform will introduce the **bilingual concept** to kids from a very young age. In order to do so, all the activities will be **gamified** and **VR-Enabled**.

Our tutors will receive **specialized training** in our methods and curriculum before they will be eligible to teach children.

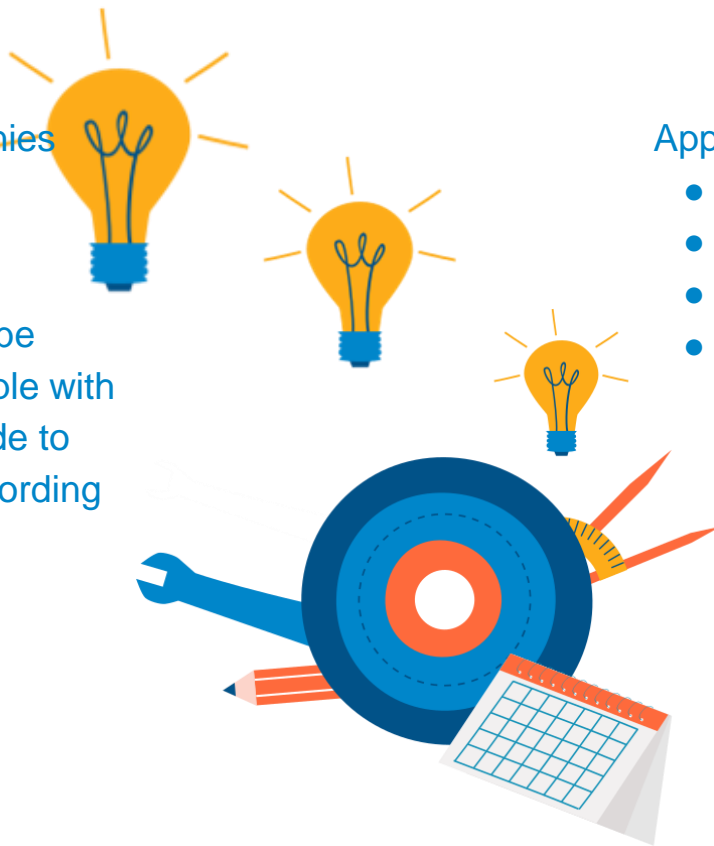

Our goal is to make language learning for children an interesting and fun **engagement**.

# MyLingoFuture

## MyLingoBusiness

This platform will enable companies to offer **direct training** to its employees.

The courses for businesses will be focused in teaching various people with different backgrounds and provide to the point **linguistic training** according to the **needs of each company**.

Applicable industries:

- Medical industry
- IT & Engineering industries
- Hospitality industry
- ...Virtually every industry with specific terminology

# The founder of MyLingoTrip

- Lisa founded MyLingoTrip in 2015 bearing in mind a very specific task: To enable people around the globe to learn a foreign language by using their computer only!
- Lisa is a certified digital marketer and a linguistic professional that holds a Bachelor degree in German Language and Literature.
- Currently, she is attending an MBA course at the Edinburgh Business School of Heriot-Watt University.
- Lisa's vision for the future is to take the lead in digital learning industry by driving MyLingoTrip to 2020.

**Thank you!**
