

Renewable Energy Sector in Greece 2021

Invitation

The **Economic and Commercial Office of the Spanish Embassy** in Athens and **Enterprise Greece**, invite you to the **"Workshop on the Renewable Energy Sector in Greece 2021"**

March 10th 2021, 10:30-12:15 (EET, Athens Time), 9:30-11:15 (CET, Madrid Time).

The event, which will be held entirely online, will be attended by **13 leading Spanish companies**, as well as many domestic companies, representing the dynamic renewables energy sector. The event will first feature a webinar with a number of **panels on recent developments in the renewable energy sector in Greece** (solar and wind power) and the variety of business opportunities available in it. Following the conclusion of the webinar, **Spanish and Greek participants will be able to hold virtual bilateral business meetings (B2B)**. A list of the Spanish participating companies is attached for your reference.

The event is supported by **HELAPCO** (Hellenic Association of Photovoltaic Companies), **HWEA** (Hellenic Wind Energy Association), **ICEX Spain Trade & Investment E.P.E.** and the **European Regional Development Fund**, with the participation of the Greek **Ministry of Energy and Environment**.

To **submit your registration for the Workshop and the B2B meetings** please send an **e-mail with the name of the company and name and e-mail of a contact person to atenas@comercio.mineco.es**. Once we receive this e-mail, we will send you a confirmatory e-mail granting you access to the online platform in which the event will take place. Once granted access to the platform, you will be able to browse through the profiles of the participant companies and request/accept B2B meetings with them.

For further information or queries, please contact the Economic and Commercial Office of the Spanish Embassy: Tel: +30 210 7246 980, E-Mail: atenas@comercio.mineco.es
