

Greece's sun and sea - now an attraction for renewable investors  
Thursday, July 1, 2021

Rystad Energy and Enterprise Greece are delighted to invite you to this webinar highlighting the investment opportunity for Norwegian companies in Greece. We will cover different topics in this webinar, and will also discuss with representatives from companies that have invested in Greece already. Mr. Ioannis Smyrtilis, Chairman of Enterprise Greece, will open the session.

### Webinar Agenda

1. Greek Energy landscape (wind park development, solar energy installations etc.)
2. Investments in Energy infrastructure in Greece: how a coming round of EU-funded investments facilitates renewable energy projects
3. Attractiveness of Greece for international renewable energy investors

### Meet the Experts

**Moderator: Anne Ekern**  
Marketing Director, Rystad Energy

Anne Ekern joined Rystad Energy as Head of Marketing and Communication in January 2021. Anne brings with her more than 20 years of experience within Energy Marketing, Communication and Business development having worked for companies and organizations such as ONS, The Norwegian Consulate General in Houston, REC Silicon, Jefferies & Company, Norsk Hydro, Telenor and the Norwegian Ministry of Petroleum and Energy. Anne serves on the Executive Advisory Committee at the Hildebrand Department of Petroleum and Geosystems Engineering at the University of Texas at Austin and is also on the Board of Directors for the not for profit Switch Energy Alliance. She holds a 1st class BSc Honors degree in Business Administration from the University of Bath, England.

**Vegard Vollset**  
VP Renewables Solutions, Rystad Energy

Vegard Vollset is a Vice President in Renewable Energy in Rystad Energy, and has over a decade of experience working within energy markets. He has broad experience in energy modelling, M&A and strategy work, and has worked closely with clients from the entire energy sector, from renewable energy companies, service companies, governmental organizations, investors and NGO's. Prior to Rystad, he has worked in Engie, Total Energies and Equinor, and he holds a M.Sc. degree from NTNU Trondheim and a M.Sc. degree from the University of Stavanger.

**Peter Brun**  
Segment Leader Offshore Wind, DNV

Peter Brun brings more than 26 years of experience in the wind energy industry and international diplomacy. His rich and varied expertise in the wind industry, includes holding dual Vice Chairman roles at EWEA (now Wind Europe) and Global Wind Energy Council (GWEC) between 2009 to 2013. He had also been appointed as Chairman of the Danish Wind Energy Association from 2007 to 2011. In addition to his work for wind associations, Peter has held many roles in private companies, including Senior Vice President, within Vestas for over seven years, where he worked with for the development of wind power together with a broad range of stakeholders worldwide. His collaborative approach within these roles and his regulatory & investment risk management, helped to increase the wind discussion to raise the profile of wind energy, (including offshore wind, wind) and how the engineering and costs challenges can be overcome to realize the benefits of this clean electrical generation technology.

**Dr Børge Bjørneklett**  
Founder and CEO, Ocean Sun

Børge Bjørneklett is founder and CEO of Ocean Sun and has previously worked in the automotive, offshore O&G and the solar industry for almost 25 years. He worked 10 years in Norsk Hydro, with aluminium and automotive crash management. Later he joined REC Solar as Technology manager. Among other things he was in charge of the award winning REC Solar PV module. Later he became Vice President of Innovation and Technology in Aker Solutions and worked with ultra-deep water drilling. In 2016 he formed the company Ocean Sun, based on a new invention for floating PV. Børge has training in Entrepreneurship from Babson College and a PhD in Materials Science from the Norwegian University of Science and Technology.

**Georgios Filiopoulos**  
CEO, Enterprise Greece

Georgios Filiopoulos is the CEO of Enterprise Greece, Greece's national investment and trade promotion agency. Before serving in the public sector, Mr. Filiopoulos worked as a business executive for various companies and organizations in the U.S. and Greece. He received his MBA from HEC Paris, holds an MA in International Relations from the Fletcher School of Law and Diplomacy, an MA in Journalism from the University of Memphis, and a BA in Advertising from Kansas State University.

09:00 AM - 10:00 AM (Oslo time) / 10:00 AM - 11:00 AM (Athens time)  
Thursday, July 1
